Re New Custom Orb Roof

Dear Sir

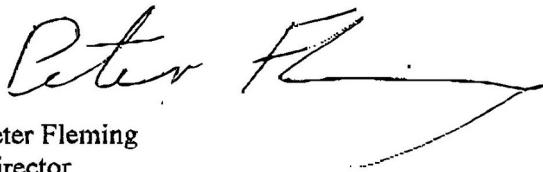

This is to thank Lidoran Roofing for the marvellous work your management and staff have done with the removal of the asbestos roof from our warehouse. Our warehouse was transformed in 3 days with minimal interference with normal business activities and no damage to equipment sustained.

The amount of natural light is fantastic, in very hot weather it is now very comfortable in the store.

We had looked at having this work done many years ago but we were hesitant because we did not know what was involved. I have no hesitation in recommending Lidoran Roofing as they made the whole process very straight forward and it went like clockwork.

Many thanks for a job well done.

Yours faithfully
Ernest Fleming Holdings Pty Ltd

Peter Fleming
