I would like to thank you for your recent refurbishment and removal of the asbestos roof and sides of our factory in Villawood. I was very pleased with the quality of service your company provided especially in meeting your target of 9 days, as it would have impacted our production.

I was also pleased with your responsiveness in addressing the minor issues which was done in a timely manner.

One of the standout aspect of your company is your staff, they were very courteous and always willing to assist us and work around us on many occasions. I would like to thank Wayne in particular.

We have recommended your company to others because of our satisfaction with your service. We look forward to doing business with you in the future..

Regards

Chris Scheffer
