TO WHOM IT MAY CONCERN

LIDORAN ROOFING

We recently engaged the services of Lidoran Roofing to remove asbestos cladding on an old factory at Revesby and replace it with Colourbond.

The job was promptly quoted and evaluated by both sales and operations people, a plan of attack was agreed and a start date set.

The work was commenced on the date agreed and was completed in 3 days with all the necessary approvals. Timing was important to us because the factory manufactures critical products for our Group and down time would have been costly.

I am very happy to recommend the services of Lidoran... the price, safety, quality of service/work and time to complete were all excellent with no problems at all.

A handwritten signature in blue ink, appearing to read "Neil Morcombe", is written over a faint, light-colored signature line.
