Dear Sir,

REPLACEMENT OF CHURCH ROOF AT 1 AUSTRALIA AVENUE MATRAVILLE NSW

I am writing to thank you and your Company for the professional way in which you carried out the work on our Church roof recently.

The removal of the existing roof of asbestos sheeting was carried out safely and speedily. I commend the team for their efforts in removing this hazardous material.

The removal of the old roof and installation of the new Colorbond roof was accomplished in one day to the amazement of those of us who watched on.

I can only commend the Company for their excellent equipment and roofing team. From our point of view it all went without a hitch and we have been very pleased with the result and all our dealings with the Company.

In addition we found the price competitive and very affordable and have only good memories of the whole enterprise.

Yours sincerely

Edwin Corea - Administrator
